Restoring broken lives

MY NAME is JOE

and I'm 36 years old. Raised in Liverpool, I was involved in drinking and taking recreational drugs from a young age in pubs and clubs. I never realised this was gradually leading me down a very dark path where I was introduced to heroin and crack cocaine.

To feed my habit I committed a lot of crime, leading to a few lengthy prison terms – my last one was 6 years. While I was inside, my mum died, my kids were put up for adoption and I was diagnosed with cancer. I was so crushed and broken. On my release from prison I really wanted to change so I went on the internet and found Betel. At first I was put off because it was Christian, but then I decided to just give it a go. It's free to enter. What did I have to lose?

As soon as I got there I saw something different in people – I saw freedom. These people, transformed by the Gospel, loved me and didn't give up on me. I wanted this for myself so I invited God into my life and everything began to change. I started thinking and acting differently. Whereas I used to have a passion for drugs, now I have a passion for Jesus!

I now use that passion to help others find the same freedom I've found, and I am the happiest I have ever been. I am married now and have my life back.

Why not get your life back – and more? Give Betel a call.
